- 48-A Thundery Demonstration**
- 49-A Good Heart**
- 50-David's Harp**

## 1.) **God Creates the Earth**

God created the Earth and all the beautiful places in it. First He created the light.

"Let there be light", He said, and then there was light!

Next, God spoke and created the sky and air around the world. He separated the water, leaving some below on the Earth, and placing some way up above.

Then it was time for the land to be formed. After that, God filled the world with many pretty things like plants, fruit, food to eat, grass, trees, beaches, rocky mountains, and flower-filled meadows. It was a lovely place!

## **2.) God Creates the Universe**

God made some lights in the sky, so the Earth could have what it needs.

He created the sun to shine and light up the day, and the moon to shine at night. The sun helps plants to grow and keeps the Earth warm.

God also added stars and planets in the space surrounding the Earth—a whole universe!

God created and placed everything just right so that Earth would be a great place to live.
